Sri Venkateswara College of Engineering and Technology Event Report

Dr. G Muralidhar Bairy, Secretary BMESI, India Visited Sri Venkateswara College of Engineering and Technology, Puducherry on July 25, 2024 to inaugurate BMESI student chapter and to deliver a talk on the topic Harnessing smart phone for detecting heart rate. The event was organized by the BME department under the supervision of Dr Amuthavalli, Research Head, SVCET. The HOD Dr Balaji, students and other faculty members interacted actively during the session.

Kongunadu College of Engineering and Technology Event Report

Dr G Muralidhar Bairy inaugurated the local chapter of BMESI at Kongunadu College of Engineering and Technology, Thottiam, Trichy on August 31st, 2024. Delivered a talk to the students about the concept of nonlinear dynamics and its use in analysis of EEG signals. Following the talk many faculty and students were interested to know more about the research areas and facilities at BME, MIT, Manipal.

Sri Shakthi Institute of Engineering & Technology - Workshop Report

One Day National Level Comprehensive Workshop on

Biomedical Equipment Handling

in association with

Biomedical Engineering Society of India (BMESI)

Report of the event

30.8.2024

On 30th August 2024, a One Day Workshop titled "Comprehensive Workshop on Biomedical Equipment Handling" was organized by the Department of Biomedical Engineering in association with the Biomedical Engineering Society of India (BMESI), aimed to equip participants with practical knowledge and skills in the handling and maintenance of biomedical equipment. The event attracted a diverse group of attendees, from the biomedical field.

The workshop featured on-spot registration, allowing participants to register directly at the venue on the day of the event. This convenient option was provided to accommodate a broader range of attendees, including those who decided to participate at the last minute.

Compiled by Dr. Muralidhar Bairy, Secretary, BMESI, India.

Sachin S Devadiga, Junior Engineer, Biomedical Engineering, MIT, Manipal, 576104.
